

Hine Automation's July Newsletter

This month, Hine Automation COO Karl Pearson provides you with an overview of what's included in our newsletter!

In our July newsletter we spotlight our newest video, "Semiconductor Uses & Technology." We also have a new Industry News installment focused on the importance of the semiconductor and how the industry is shaping our future, along with a brand new article outlining how Hine Automation is outperforming the industry during the global supply chain disruption.

If you have any questions, feel free to reach out to sales@hineautomation.com. We'd love to hear from you.

Featured Video: What Is A Semiconductor? Semiconductor Uses & Technology

Hine Outperforms Industry During Global Supply Chain Disruption

Unprecedented supply chain disruptions have touched everyone across the globe, from automotive and medical industries to workers and consumers. Several factors have hampered supply chains over the last two years, including Covid-related production issues, labor supply challenges, the semiconductor shortage within the automotive industry, and the war in Ukraine.

Through this uncertainty, the semiconductor equipment industry is experiencing growth. According to [SEMI World Fab Forecast...](#)

Introducing: Hine Automation's Evaluation Unit Program

Hine Automation understands Original Equipment Manufacturers (OEMs) need to **integrate** and **evaluate our vacuum components in their systems**. We are confident that our products will provide the right solution for your system, and we are happy to **offer an evaluation unit**.

We will make the evaluation unit **available for 90 days** from the shipment date.

At the end of this period, our customers have the option to purchase the unit from Hine or to return the unit back to us without charge.

If you are interested in participating in our product evaluation program, please [click here](#).

We're hiring. Know anyone who might be interested? Please send them this link! <https://hineautomation.com/careers/career-listings/>

We would love to hear your thoughts for our upcoming newsletters!

Thank you for following our emails for monthly updates on **semiconductor and robotic industry news**, **recent HA product launches**, and other helpful resources.

Are there certain topics you would like to see covered in a future Hine Automation newsletter? If so, please email us at news@hineautomation.com with your ideas.
